A HARDWOOD WITH PROVEN DURABILITY

AN EXCELLENT TIMBER FOR OUTDOORS

USED IN DECKING, BOARDWALKS AND LANDSCAPING

VITEX DECKING

bbi VITEX DECKING

bbi Vitex is a hardwood from the Solomon Islands with a 'durable' classification. It has a golden-to-creamy grey appearance. Its durability makes bbi Vitex an excellent timber for use outdoors, including decking, boardwalks and landscaping.

bbi Vitex is community logged. This means greater benefits to the local community through higher returns, increased control over their environment and less forest damage by heavy machinery.

WHY USE bbi VITEX DECKING?

Special care is taken to air dry the timber before it is run into decking. This results in a superior appearance with reduced movement and shrinkage once the decking is installed.

We ensure the quality of our product through regular visits to the Solomon Islands. We then carefully supervise the machining process in New Zealand.

ACCESSORIES

We carry a full range of rough sawn Vitex sizes to complement the bbi Vitex decking. This enables us to supply posts, handrails, balustrades, boardwalk decking and special profiles.

DECKING SIZES

90 mm x 19 mm

140 mm x 19 mm

140 mm x 32 mm
